For 2026-27 students

Ice cream fundraiser starts May 12-28 with delivery to the school on Monday, June 22nd.

A Friendly reminder that year end school field trips are coming up soon. Please take a moment to check and pay any outstanding student fees. Thank you for your support!

Thank You Home & School

We would like to extend a sincere thank you to Home and School who contributed to our new playground equipment for the primary grades. Thanks to your generosity, our students are now enjoying sidewalk chalk, hula hoops, basketball nets, and soccer nets. These additions have already brought extra excitement, creativity, and active play to recess time. We truly appreciate your support in helping create fun, engaging, and healthy play opportunities for our youngest learners.

Our PBIS Focus for the month of May is Perseverance.

Perseverance is the ability to keep going even when learning feels hard or motivation starts to fade. As the end of the school year approaches, it's normal to feel tired or discouraged, but this is often when perseverance matters most. Finishing strong builds confidence and shows students that their effort counts, even during challenges. Pushing through these final weeks helps develop resilience—an important skill that extends far beyond the classroom.

2026

4 of our students won brand new bikes & helmets just for reading books.

Grade 4 & 5 students submitted ballots for each book they read in April.

Congratulations!!

Sponsored by the Masonic Lodge, Perth-Andover, NB

To allow our Kindergarten Teachers to meet the new K students for next fall

All our current kindergarten students will stay home from school on May 29th
